## Change of Company Name and New Website

Diversified battery and technology metals company Power Minerals Limited (ASX: PNN) (Power, the Company) is pleased to announce the Company's change of name, from PepinNini Minerals to Power Minerals.

The Company is also pleased to advise of the launch of its new Power Minerals company website.

The website address is; [www.powerminerals.com.au](http://www.powerminerals.com.au)

The Company's ASX code remains unchanged; **ASX: PNN**

**"We are delighted to confirm the Company's change of name to Power Minerals and to launch our new Power Minerals company website. The name change is designed to best reflect and represent our renewed focus on our portfolio of battery and technology metals projects, led by the Salta Lithium Brine Project in Argentina and the Eyre Peninsula Kaolin-Halloysite Project in South Australia, in addition to the Musgrave Nickel, PGEs and rare earth Project also in South Australia."**

**Power Minerals Executive Director Mena Habib**

Authorised for release by the Board of Power Minerals Limited.

### **About Power Minerals Limited**

Power Minerals Limited is a diversified ASX-listed mineral resources exploration company with a portfolio of projects in demand driven commodities. It is focused on the systematic exploration and development of its projects. These include the Salta Lithium Brine Project in the prolific lithium triangle in the Salta Province in Argentina, the Eyre Peninsula Kaolin-Halloysite Project, strategically located on the Eyre Peninsula in South Australia, and the Musgrave Nickel-Copper-Cobalt-PGE Project in the Musgrave Province in northern South Australia. The Company also holds the Santa Ines Copper-Gold Project in Argentina, located in the same geological setting as BHP's world-class, nearby Escondida Copper-Gold Mine in Chile.
