

Salta Lithium Project Exploration Update

The Directors of PepinNini Lithium Ltd(PNN, the Company) report that certified (ie QA/QC verification) brine sample analysis results have been delayed due to Christmas and New Year closure period in Argentina. Results are now expected before the end of January and will be reported as soon as available.

ABOUT

PepinNini Lithium Limited is a diversified ASX listed Exploration Company focused on exploring and developing a lithium brine resource and production project in Salta Province Argentina within the Lithium Triangle of South America. The Company also holds strategically located exploration tenements in the Musgrave Province of South Australia. The company also holds a copper-gold exploration project in Salta Province, Argentina
